

**Bridgwater Carnival 2018 official souvenir DVD  
Entrants form**

*This year our official DVD is again being filmed on the Cornhill, and as well as the DVD it will be streamed to the big screen and over the internet; it will be filmed and produced by Maniac Films who have provided the footage for the big screen in recent years – a Devon based digital video specialist. There will only be one version of the DVD this year, the standard DVD as unfortunately the Blu-Ray version did not sell as hoped. The commentator on carnival night will be Bridgwater carnivalite, Chris Hocking providing the humour, wit, facts and insights into all of the entries.*

*To help the commentator on the night, could you please complete the form below and send it back to Dave Stokes, 19 Standards Road, Westonzoiland, Bridgwater TA7 0EJ by **Monday 22 October 2018**. Some of the information you give on the form will help us to provide the now customary 'carnival in numbers' feature which we can use to promote the carnival.*

*This is your chance to tell us about your entry and recognise the folk who have worked so hard to make it happen. **The preferred option is that you complete the information online as this is easier for all concerned. An online version of this form is available linked from the Bridgwater website.***
